WE ARE NORTH AMERICA'S #1 CHOICE!

## COMMITMENT TO QUALITY

Our commitment to quality products and service 365 days a year.

The North American Rymar team is passionate about all the products offered to the end client, contractors and our distribution partners from coast to coast.

We believe good products need to be presented with great customer service to ensure a quality experience from start to finish. Our distribution locations across North America have been chosen with much research and development to offer a consistent experience.

Dedication to performance and innovation is Rymar's commitment to you. Through education and product support we keep our clients up to date with the evolution of the industries we support and supply. Rymar has a dedicated team that works to travel the world and meet with all manufactures and designers to produce the highest of standards in design and end product supply.

We together support our loyal and passionate community of staff, contractors, designers, retailers and homeowners that make Rymar an industry leader.

We thank you and look forward to working with you.

LANDSCAPE TURF

*ASTM TESTED FOR PLAYGROUND SAFETY

**DIMENSIONAL YARN = COOLER SYNTHETIC GRASS TEMPERATURES

## Rymar 51* *Landscape Turf*

For use in light to moderate traffic areas. This great economy-priced turf is designed for our North American climate. Product requires infill. Specially formulated and industry-first polyurethane backing. Great for landscaping applications, playgrounds and dog run areas.

+ **Face Weight: 51 oz**
+ **Backing: Polyurethane**
+ **Colour: Olive Green**
+ **Pile Height: 1.5”**
+ **Golden Thatch Layer**
+ **Total Product Weight: 78 oz**

## Rymar 81* *Landscape Turf*

For use in moderate to high traffic areas. This commercial grade product is designed for pool areas and where product is subject to road salts. Specially formulated and industry-first polyurethane backing. Great for landscaping applications and playgrounds.

+ **Face Weight: 81 oz**
+ **Backing: Polyurethane**
+ **Colour: Olive Green**
+ **Pile Height: 2”**
+ **Golden Thatch Layer**
+ **Total Product Weight: 107 oz**

## Everblade 50* *Landscape Turf*

For use in light to moderate traffic areas. This premium turf gives all the strength expected in an 50 oz product but with extra softness and comfort. Specially designed to keep surface temperatures low. Great for landscaping applications and playgrounds.

+ **Face Weight: 50 oz**
+ **Backing: Polyurethane**
+ **Colour: Emerald / Lime Green**
+ **Pile Height: 1.5”**
+ **Golden Thatch Layer**
+ **Total Product Weight: 77 oz**

## Everblade 80* *Landscape Turf*

For use in moderate to high traffic areas. This premium turf gives all the strength expected in an 80 oz product but with extra softness and comfort. Specially designed to keep surface temperatures low. Great for landscaping applications and playgrounds.

+ **Face Weight: 80 oz**
+ **Backing: Polyurethane**
+ **Colour: Emerald / Lime Green**
+ **Pile Height: 1.95”**
+ **Golden Thatch Layer**
+ **Total Product Weight: 107 oz**

## Durablade 65** *Landscape Turf*

For use in moderate to heavy traffic areas. Designed to truly replicate grass. “S” shape 3D fibre is specially formulated to reduce heat retention. Designed specifically for landscape application with a soft touch feel.

+ **Face Weight: 65 oz**
+ **Backing: Polyurethane**
+ **Colour: Emerald / Olive Green**
+ **Pile Height: 1.5”**
+ **Golden Thatch Layer**
+ **Total Product Weight: 102 oz**

## Durablade 95** *Landscape Turf*

For use in moderate to heavy traffic areas. Designed to truly replicate grass. “S” shape 3D fibre is specially formulated to reduce heat retention. Designed specifically for landscape application with a soft touch feel.

+ **Face Weight: 95 oz**
+ **Backing: Polyurethane**
+ **Colour: Emerald / Olive Green**
+ **Pile Height: 2”**
+ **Golden Thatch Layer**
+ **Total Product Weight: 121 oz**

## Triblend 70 *Landscape Turf*

This multi 3D shaped turf includes unique "W", "V" and flat shaped fibres that creates a durable and natural feel. A blend of Emerald, Olive and Sand colour tones replicate an organic looking lawn. Each fibre is unique in colour and size creating a blend like no other turf on the market today. Triblend is enriched with our Bi colour thatch system to create stability and support.

+ **Face Weight: 75 oz**
+ **Backing: Polyurethane**
+ **Colour: Emerald / Olive Green / Sand**
+ **Pile Height: 1.8"**
+ **Tan and Green Thatch Layer**
+ **Total Product Weight: 105 oz**

## Durapet *Pet Turf*

For use in moderate to high traffic areas. This uniquely designed 3D fiber is "S" shaped that allows for great rebound and strength. Durapet allows for fast and efficient drainage and is specifically designed for pet areas, putting green fringe and landscaping applications.

+ **Face Weight: 40 oz**
+ **Backing: Polyurethane**
+ **Colour: Emerald / Olive Bi-Colour**
+ **Pile Height: 1"**
+ **Golden Thatch Layer**
+ **Total Product Weight: 66 oz**

## Eco Grass *Landscape Turf* *(Available in 5' & 15' wide rolls)*

For use in light to moderate traffic areas. This economy-priced turf offers great value and flexibility to meet everyone's budget. Designed to truly replicate grass. With a 1.4 blade height, this light weight turf is designed for easy portability. Uniquely formulated polyurethane coated backing provides greater seam strength and durability. Great for landscaping applications, portability and temporary applications.

+ **Face Weight: 40 oz**
+ **Backing: Polyurethane**
+ **Colour: Emerald & Dark Olive Green**
+ **Pile Height: 1.4"**
+ **Golden Thatch Layer**
+ **Total Product Weight: 65 oz**

## Omega 50 *Landscape Turf*

For use in moderate to heavy traffic areas. Durable 3D "W" shaped fibre creates a rigid natural feeling that benefits high traffic and play areas. A combination of Matt Emerald & Matt Olive Green blades create a low sheen effect enhancing the natural visual appeal. Omega 50 has a combination of Tan and green thatch that provide added colour and support.

+ **Face Weight: 50 oz**
+ **Backing: Polyurethane**
+ **Colour: Matt Emerald / Matt Olive**
+ **Pile Height: 1.78"**
+ **Tan and Green Thatch Layer**
+ **Total Product Weight: 78 oz**

## Omega 80 *Landscape Turf*

For use in high traffic areas. Durable 3D "W" shaped fibre creates a rigid natural feeling that benefits high traffic and play areas. A combination of Matt Emerald & Matt Olive Green blades create a low sheen effect enhancing the natural visual appeal. Omega 80 has a combination of Tan and green thatch that provide added colour and support.

+ **Face Weight: 80 oz**
+ **Backing: Polyurethane**
+ **Colour: Matt Emerald / Matt Olive**
+ **Pile Height: 1.95"**
+ **Tan and Green Thatch Layer**
+ **Total Product Weight: 108 oz**

## Coloured Turf *Multi-Coloured Turf Options*

Rymar turf products can be made in multiple colours and we can custom make a variety of turf products to match your projects requirements.

+ **Custom Face Weight Available**
+ **Custom Size**
+ **Custom Fibre**

# ENDLESS HOURS OF PRACTICE

rymarGOLF

## CUSTOM PUTTING GREENS

What better way is there to practice putting or entertaining guests than having a personal putting green? Help your clients take strokes off their short game by creating a practice area in their backyard, office or basement.

Rymar has the perfect solution to any sized putting green with our premium selection of golf products. Our putting greens react to putts and chips like natural grass greens. Rymar putting greens are the ideal choice for golf courses, and for commercial and residential applications of all sizes. We have a wide array of choices when it comes to synthetic grass for putting greens. Our professional sales and installation team will customize the products for any outdoor and indoor greens.

### WE PROVIDE

- Outdoor Backyard Greens
- Indoor and Portable Greens
- Full Commercial Greens
- Driving Ranges and Mini-Putt Courses
- Hitting Mats and Simulator Surfacing
- Sand Traps

## WE MANUFACTURE OUR PRODUCTS FROM THE VERY BEST MATERIALS THAT STAND UP TO OUR EVER-CHANGING NORTH AMERICAN CLIMATE

## Pro Putt *Golf Turf*

For use in custom-designed putting greens. This premium turf is designed to give true ball roll and bounce reaction. Infill is required to control stint speed and ball bounce/roll. Specially designed for our Canadian climate. Lots of fun and great for training.

+ **Face Weight: 56 oz**
+ **Backing: Latex**
+ **Colour: Field Green / Lime Green**
+ **Pile Height: 0.5”**
+ **Total Product Weight: 83 oz**

## Fringe *Golf Turf*

QUALITY TOUGHNESS

## < Rymar Duracloth *Contractor Series 3.5*

Rymar Duracloth 3.5 oz is a high quality, woven geotextile made from polypropylene materials offering ideal execution when utilized as a part for material stabilization applications. The polypropylene fibers are exceptionally detailed and constructed to oppose UV light deterioration and are latent to common soil chemicals.

+ **Won't Decompose or Mildew**
+ **Non-biodegradable**

**MAIN APPLICATIONS:**

CONSTRUCTION · LANDSCAPE · GARDEN BEDS · PATIOS · WALKWAYS · EROSION

## BENEFITS

- ✔ Material Stabilization
- ✔ Maximum UV Protection
- ✔ Permeable
- ✔ Weed Control
- ✔ Water Filtration
- ✔ Moisture Lock Technology

*Perfect for organic gardens with moisture lock technology*

## < Rymar Duracloth *Contractor Series 5.0 (Multi-Use)*

Rymar Duracloth 5.0 oz Multi-use is a high quality, woven fiber geotextile created by needle punching polypropylene non woven fibers into a weave to frame a high-quality fabric with enhanced permeability for a filtration layer. The polypropylene fibers are exceptionally detailed to oppose UV light deterioration and are latent to generally experienced soil chemicals.

+ **Won't Decompose or Mildew**
+ **Non-biodegradable**

**MAIN APPLICATIONS:**

CONSTRUCTION · LANDSCAPE · GARDEN BEDS · PATIOS · WALKWAYS · EROSION

# RYMAR PLAYGROUND TILES
OPTIMUM FALL SAFETY FOR KIDS ENVIRONMENTS

## Rymar Playground Tiles *Safe and Healthy Fun for Children*

Rymar Playground Tiles provide the optimum fall safety for kids play environments. Install a Rymar Playground surface and eliminate the need to fill in holes, remove animal waste and potentially dangerous hidden objects. Created from recycled rubber, diverting tonnes of waste from landfills, Rymar Playground Tiles are durable, resilient and porous to allow drainage.

+ **Can protect from 4′ to 12′ Fall height requirements**
+ **Durable 2′ x 2′ recycled rubber tiles with 12″ x 12″ cross-hatch pattern**
+ **Installs equally well over a hard surface sub-base or a well compacted granular surface**
+ **Easy to install with interlocking pin system for alignment**
+ **Tile edge adhesive creates a monolithic safety surface that's not bonded to sub-base**
+ **Subsidiary structural tile legs (stanchions) allow for unrestricted water drainage away from site**
+ **Eliminate health and safety concerns from buried objects and animal wastes**
+ **Eliminate risks and maintenance associated with displaced loose fill materials (i.e., wood fiber)**
+ **Playground Safety Surfacing System complies with stringent ASTM requirements**

**2′ x 2′ Tiles Available in 1″ or 1.75″ and 2.5″ Thickness**
Available in Black / Blue / Red

BLACK PLAYGROUND TILES

BLUE PLAYGROUND TILES

RED PLAYGROUND TILES

## Playground Rubber Transition Ramp

Playground Transition Ramps are designed to ensure our playgrounds are free of trip hazards and are wheel chair compliant.

+ **Wheel Chair Friendly**
+ **Easy Installation**
+ **Highly Durable**

**Thickness 1" or 1.75" and 2.5" Available. 40" Long and 8" Width**
Available in Black / Blue / Red

## Playground Adhesive

Playground Tile Adhesive is a high strength formula that bonds to rubber and is durable for outdoor and indoor applications.

+ **Easy Application with Caulking Gun**
+ **Bonds to Most Surfaces**
+ **North American Weather Tested**

## Playground Geotextile

Playground Geotextile is designed to stabilize Playfall Tiles on compacted stone granular base. The fabric is designed to prevent erosion and base movement.

+ **Premium Grade**
+ **Water Permeable**
+ **Weather Tested**

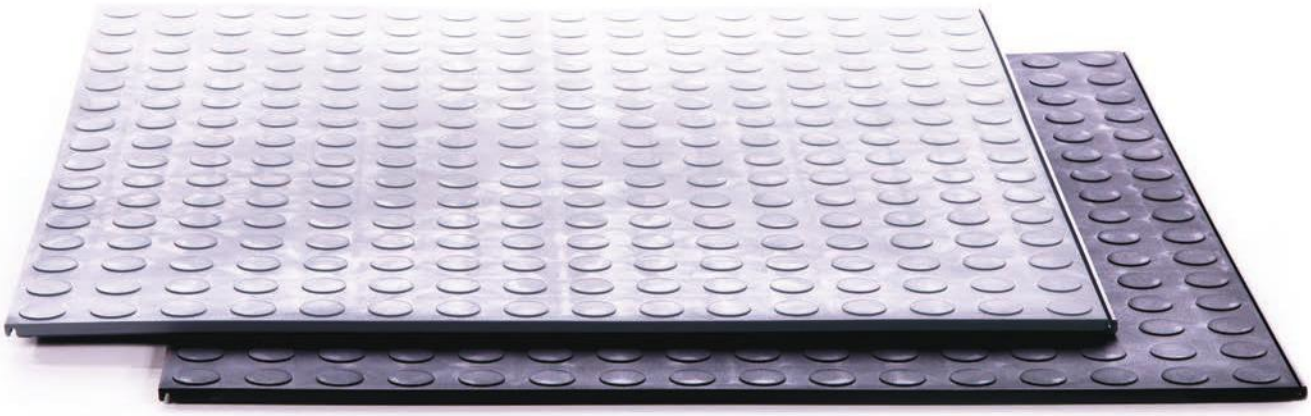

**3' Rolls Available**

## Garage / Warehouse and Fitness Flooring

*High Quality Rubber Flooring*

Rymar garage and warehouse flooring tiles quickly restore and enhance the surface of your garage, basement or fitness room. They protect your concrete from the eroding effect of salt and hide unsightly stains and minor cracks. Easy-to-clean and excellent durability make Rymar Rubber the right choice for your floor.

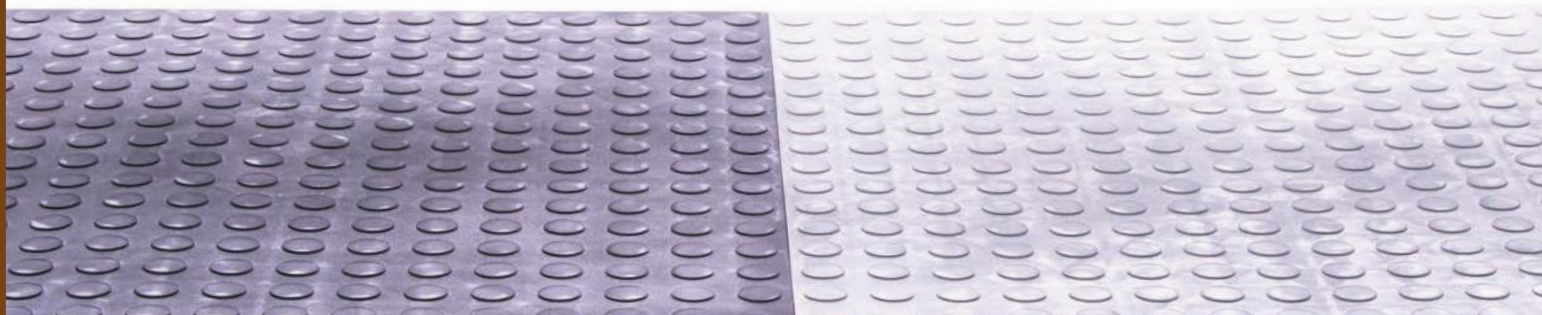

**2' x 2' 3/8 PVC INTERLOCKING COIN PATTERN GARAGE FLOOR**
Durable, Flexible PVC, Available in Black or Grey

## Clip-Together Seam

- **With Easy Clip-together Seam**
- **Straight Edge Appearance**
- **Easily Installed & Removed**
- **For Waterproof Seal Install With a Thin Bead of Glue**

*Easy To Clean And Excellent Durability Make Rymar Rubber The Right Choice For Your Floor*

## Ramps and Corners

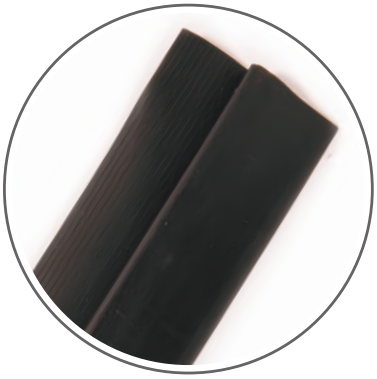

+ Provides Safe Transition and Finished Look
+ Ramps are 3/8" thick x 1-3/4" x 24"
+ Corners are 1-3/4" x 1-3/4"
+ Available in Black and Grey

## Bottom Design

+ Provides Anti-fatigue Comfort
+ Air Pockets Provide Aeration and Installation
+ Resists Mold & Mildew
+ Available in Black and Grey

## Interlocking PVC Edging

*We Supply Edging for that Neat Finish*

Many of our clients cut off the interlock with a steel ruler and utility knife to give the tile a neat finish. But for those who want to have a beveled transition, we have an edge. The edge is sold per/ft. There are two strips in a lineal meter.

**The edges are 500 mm x 50 mm x 5 mm (x2= 1/lm)**
Available in black

## Wiwax *Cleaning and Maintenance Emulsion*

Keep your floors clean and sealed with Wiwax emulsion for the maximum look and performance.

+ **A Unique Blend of Detergents, Waxes and Polymers**
+ **Effectively Cleans and Maintains Rubber**
+ **Cleans, Shines and Protects**

**3.78 L**
For use as hard surface maintainer

# HIGH-QUALITY FLOORING

ARMOUR RUBBER
ADVANCED FLOORING

## VERSATILE. RESILIENT. DURABLE.

Armour Rubber delivers high-quality flooring solutions to our customers. Made primarily from recycled rubber tires, Armour flooring thrives in tough, high-traffic environments. Available in both roll and interlocking tile, our SportFloor's unique beveled-edge construction means virtually no gapping, and a smooth, seamless surface. Proven over time for its durability and flexibility, we provide a long-lasting floor that will look great for years.

### BENEFITS

- Durable
- Hygienic
- Easy to install and maintain
- Cost-effective and long-lasting
- Shock and sound absorbent
- Unique design makes for a seamless floor surface
- Excellent traction, even when wet
- Safe for indoor and outdoor use
- MAS Certified Green® (upon request)
- Mold and mildew resistant
- Multiple colours; custom colour and logos available
- Premium Recycled Rubber
- 5 year, normal wear warranty

You will find Armour Rubber's products in airports, gyms, hotels and all kinds of commercial and industrial buildings worldwide.

## PROVEN OVER TIME FOR ITS DURABILITY AND FLEXIBILITY, THAT WILL LOOK GREAT FOR YEARS

## Interlocking Tiles

Our durable interlocking tiles are easy to install from homeowners to contractors. Our interlocking joint is almost seamless with our beveled edges and simple interlock install pattern.

## USES

Choose from one of our five standard colour lines, or create your own colour blend with Colour Builder, our custom floor design tool. With low minimums and fast turnaround times, it's easy to create a unique look while keeping your project on time and on budget.

## CrossFit / Stall Mats *CF12 & CF34*

Warranty 5 Year

Armour CrossFit / Stall Mats are an effective, comfortable, long-lasting and economical solution for those who want the best at an affordable price. Armour Rubber mats are made according to the same quality criteria as Interlock and are designed to adapt to most standard floors.

+ **CF12 = 1/2" x 48"x 72"**
+ **CF34 = 3/4" x 48"x 72"**
+ **Interlocking and True Cut available on request** (minimum quantities apply)

## USES

+ **CrossFit / Gyms**
+ **Doggy Daycares & Pet Facilities**
+ **Horse Stalls**
+ **Hockey Arenas**
+ **Ski Station**
+ **Anti-Fatigue Mats**
+ **And More**

## MANUFACTURING

Manufactured from 100% recycled high-density revulcanized rubber, the Armour Rubber mats have an exclusive non-slip surface that doesn't absorb fluids. Easy to install. For stall mat applications they generate no dust, unlike straw, sawdust, sand or rubber granules.

# BUILD YOUR BACKYARD DREAM

rymarRINKS

## INCREASE YOUR PLAYING TIME

Our team has been a leader in backyard fun for many years and have perfected our product well beyond industry standards. We have been serving Canadians for 8 years and are growing in market share year over year. Our products are built for easy setup and take-down for residential and commercial applications.

Rymar has a team of professional rink builders on staff to help build your outdoor rink dream. Our products are shipped across North America from our Toronto and Calgary office and warehouse locations. All products can be ordered from our dealer network or online. Let our team help build your outdoor rink this year.

### WE PROVIDE

- Boards
- Brackets
- Liners
- Resurfacers
- Rink Accessories and More!

## RYMAR OFFERS THE MOST DEPENDABLE PRODUCTS, SERVICE, AND EXPERIENCE WHEN IT COMES TO BACKYARD FUN

## Snapshot Series *Premium Ice Rink Products*

Rymar Snapshot series boards are built tough and look and perform like your local arena. Rymar Snapshot board system is customizable to many size choices and can be installed with minimal tools and time needed. Rymar is a one stop shot for all the accessories needed for a successful rink.

We offer the most dependable products, service, and experience when it comes to backyard fun with a commercial grade product for every application.

*Custom made solutions to help build your backyard dream*

### Snapshot Standard Dasher Board *24" x 48"*

Snapshot Steel Rink Boards are 24" x 48" with a 1" x 1" steel frame. They have an 8mm white HDPE face (HDPE puck board) and a 12mm blue safety handrail.

All hardware is included

### Snapshot Curved Corner Dasher Board *24" x 75.35"*

Snapshot Steel Rink Corner Boards are 24" x 75.35" dimension at a 90 degree rounded corner and has a 1" x 1" steel frame. They have an 8mm white HDPE face and a 12mm blue safety handrail.

All hardware is included

## Snapshot Yellow Foam Topper *6′*

+ Made of UV Resistant Foam That Keeps its Colour and Lasts for Several Seasons
+ Adds Outstanding Aesthetic Appeal to Your Rink

Acts as cushioning for the rink edges

## Snapshot Triangle Bracket

+ 1″ x 1″ Steel Frame
+ Holds the Weight of Rink Water/Ice
+ Hardware Included

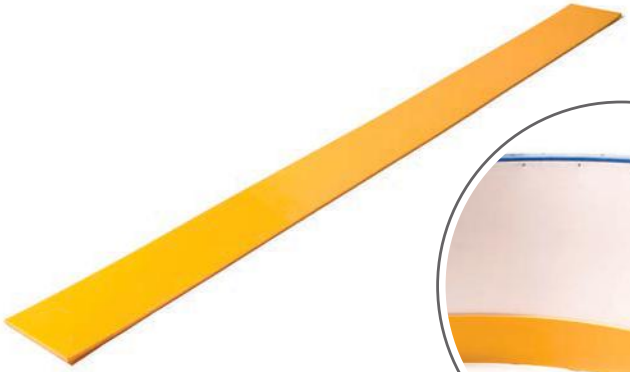

* Double Stacking Option Available to Create 48″ Tall Boards

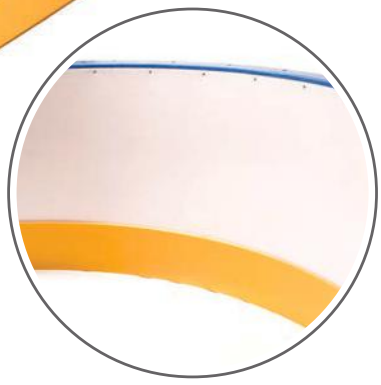

## Snapshot Corner Bracket

+ 1″ x 1″ Steel Frame
+ Holds the Weight of Rink Water/Ice
+ Hardware Included

Made to withstand / absorb the impact of the shots being fired around the corners on your rink

## Snapshot Kick Plate

*48″ or 75″*

+ Made of UV Resistant Foam That Keeps its Colour and Lasts for Several Seasons
+ Adds Outstanding Aesthetic Appeal to Your Rink

Acts as cushioning for the rink edges

## Bolt Assembly

+ Provides Anti-Fatigue Comfort
+ Air Pockets Provide Aeration and Installation
+ Resists Mold & Mildew
+ Available in Black and Grey

## Snapshot Ice Resurfacer *55″*

Snapboni is a must have resurfacing tool that helps you maintain a smooth-as-glass, hard ice surface just like the professional rinks but without the high end price. Made out of high strength PVC pipe for light weight and is easy to use. Snapboni comes with a water control valve to regulate the flow of water onto the ice to guarantee a smooth, even distribution of the water through the absorbent towel wrapped resurfacing mat that will save you time and money.

## Snapshot Liner *32′ / 40′ / 50′ / 60′ Wide By Custom Length*

Clear and white rink poly is manufactured with special resins to create a film with more elasticity for rink purposes and is designed to reflect more sunlight and heat in order to keep the ground colder. Used as a base surface for your backyard ice skating rink.

+ White Reflective Plastic
+ Ice Freezes Quicker & Lasts Longer
+ Provides Better Grass Protection
+ Available in a Variety of Sizes
+ Easy To Install
+ No Seams
+ 6 mil Thick

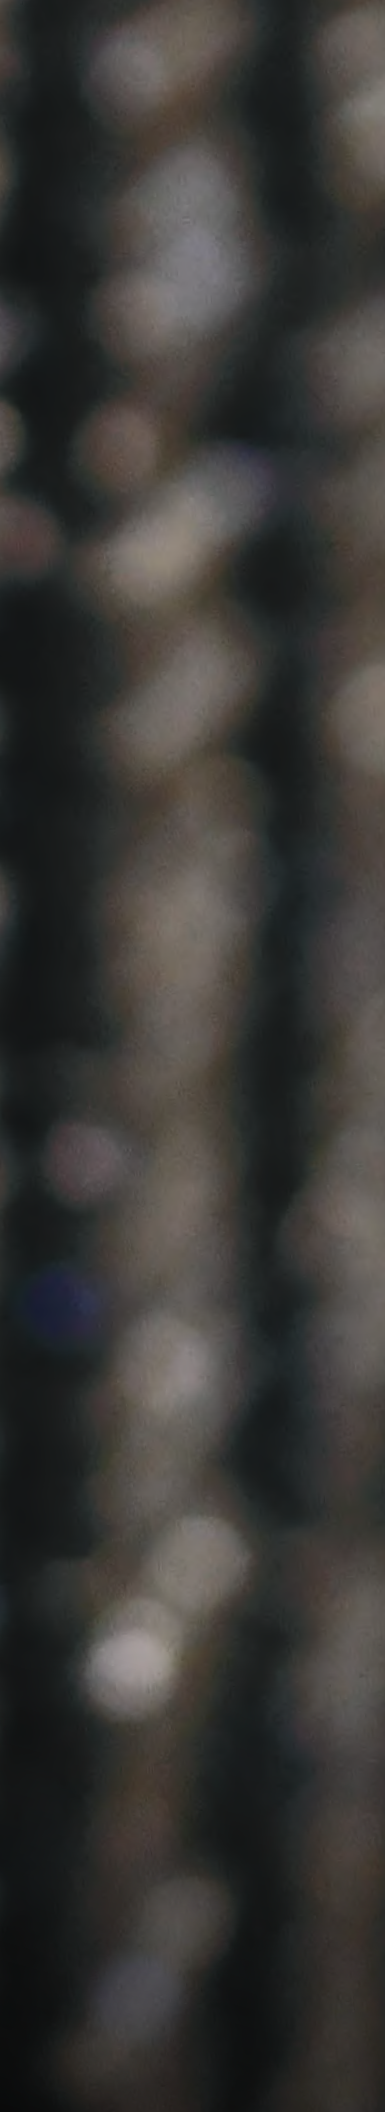

May be reused if proper care is taken during removal at the end of the season (advised to be reused only once)

We've got the right products in stock to save you time outsourcing and our seasoned sales staff are here to help every step of the way.

## DEDICATION TO PERFORMANCE AND INNOVATION IS OUR COMMITMENT TO YOU

## INFILL SAND
EVERYTHING YOU NEED AND MORE

### Zeolite Infill
*Premium Choice Synthetic Turf Infill*

Zeolite is the premium choice synthetic turf infill for playground and sports field applications. Zeolite is a negative charge infill which captures ammonia found in urine and because of its negatively charged properties, prevents ammonia from turning into a gas, therefore eliminating smell. Zeolite granules cool turf fibers longer by evapotranspiration, just like real sod. It is 100% natural & environmentally safe for your kids and pets and is 100% permeable which will not clog turf drainage holes like sand. Comes with a 8 Year warranty against deteriorating for landscape, agricultural and sports field applications. Listed as Organic by OMRI Organic Materials Research Institute as "Deodorizer Infill."

Available in 55.1 lb Bags and 2000 lb Super Sacs

### PE-51 *Pet Urine Neutralizer*

Dog urine odor is unmistakable, strong, and extremely difficult to permanently remove. Like many other animals, dogs use urine and feces as a method of communication, indicating possessiveness and territoriality. PE-51 is rated #1 by top industry professionals. In the past, dog urine odor and stains were nearly impossible to eliminate. Now, with PE-51 Pet Urine Neutralizer, you can permanently eliminate a dog's urine odor and stains from virtually any surface.

Available in 1 Gallon and 32 oz

## LANDSCAPE SAND
HIGH LEVEL OF FLEXIBILITY

### Putting Green Sand

Pure white silca sand used to stabilize and increase ball speed for natural play.

+ **Available In 50 lb Bags With a Variety of Grades Available**
+ **Uniformed Particle Size Distribution**
+ **Superior Consistency with Dust Elimination**
+ **White In Colour**
+ **Will Not Compact**
+ **Will Hold Chip Shots From 250 Yards**

### Baked Green Granite Sand

Baked green to help tone top layers of sand filled putting greens.

### Landscape Sand

Tan in colour used to help Stabilize and support landscape turf blades. Also Used in Rymar bent grass sand filled putting greens.

+ **Available In 50 lb Bags With a Variety of Grades Available**
+ **High Level of Flexibility**
+ **Uniformed Particle Size Distribution**
+ **Superior Consistency with Dust Elimination**
+ **Tan Colour**
+ **Will Not Compact**

Available in 50 Lbs Bags or 2000 Lb Super Sacks

### Rubber Crumb

Loose Crumb Rubber made from 100% recycled rubber provides safe, resilient and non-abrasive surfaces. It's perfect for playgrounds, sport surfaces or any area that requires the protection, durability and flexibility of crumb rubber.

Rubber Crumb is ideal for running tracks, synthetic playing surfaces, playground surfaces, horse arena flooring, asphalt additive, asphalt crack sealants, paint non-slip additive, spec ground for OEM Manufacturing.

## TURF ADHESIVE
ECO-FRIENDLY SINGLE PART POLYURETHANE

### XGS Turf Adhesive

Distributed in North America by Rymar. This ECO-friendly, single part polyurethane adhesive is designed specifically for bonding various substrates to the back of synthetic turf.

**SUB STRAIGHTS INCLUDE:**
Road Base, Decomposed Granite, Concrete/Asphalt, Wood/Foam Padding.

Available in 1 Gallon and 32 oz

### Green Fusion

Green Fusion is a professional grade one part adhesive used by top installers in North America. Easy to use and fast curing times make turf installation a simple process.

Available in 1 Gallon and 5 Gallon

### Seam Tape

Our seam tape is designed to work with all adhesive including moisture active polyurethane based adhesive. One textured side and one plastic coated side to stop ground moisture from absorbing into the turf.

Size of Roll 12" x 328' Linear Feet. Custom Lengths Available

## LANDSCAPE SUPPLIES
EVERYTHING YOU NEED AND MORE

### Glue Trowel

8" 3/16 V notched Plastic Glue Trowel.

Used for all Rymar Glue Products

*Everything you need and more for all your landscape accessories*

### Nails

Recommend for general landscape synthetic grass applications for perimeter securing turf to ground.

Galvanized or Non Galvanized Spiral 10" Spikes

### Nailer Board

Fully recycled plastic Nailer Board is recommended for challenging builds were securing the turf can be an issue with nails. Plastic Nailer Board will not degrade overtime like natural wood. Standard stocking sizes are 8' & 12' x 1 5/8" x 1 5/8"

Custom Thickness and Sizes Available on Request

# SOFT PAD
SHOCK ABSORPTION / DRAINAGE PAD

## Soft Pad *1" and 2"*

Rymar Soft Pad is designed to create a safety impact for Play areas and Playgrounds. Soft Pad is IPEMA approved and is developed to allow water to drain through to the sub base. Reduces the need for aggregate and expensive drainage systems. Can be customized for fall heights up to 12'

**2" SOFT PAD**
- + 4' x 6' Sheets
- + 2" Thickness (6' Fall Rating)

**1" SOFT PAD**
- + 4' x 6' Sheets
- + 1" Thickness (4' Fall Rating)

**EXAMPLES USES:**

**With Playground Tiles >**

**< With Synthetic Grass**

## Soft Pad Therma Tape *4" x 200'*

Used to join Soft Pad together.

# LANDSCAPE FABRIC
QUALITY TOUGHNESS

## < Rymar Duracloth *Contractor Series 3.5*

Rymar Duracloth 3.5 oz is a high quality, woven geotextile made from polypropylene materials offering ideal execution when utilized as a part for material stabilization applications. The polypropylene fibers are exceptionally detailed and constructed to oppose UV light deterioration and are latent to common soil chemicals.

+ **Won't Decompose or Mildew**
+ **Non-biodegradable**

**MAIN APPLICATIONS:**

CONSTRUCTION · LANDSCAPE · GARDEN BEDS · PATIOS · WALKWAYS · EROSION

## BENEFITS

- ✔ Material Stabilization
- ✔ Maximum UV Protection
- ✔ Permeable
- ✔ Weed Control
- ✔ Water Filtration
- ✔ Moisture Lock Technology

*Perfect for organic gardens with moisture lock technology*

## < Rymar Duracloth *Contractor Series 5.0 (Multi-Use)*

Rymar Duracloth 5.0 oz Multi-use is a high quality, woven fiber geotextile created by needle punching polypropylene non woven fibers into a weave to frame a high-quality fabric with enhanced permeability for a filtration layer. The polypropylene fibers are exceptionally detailed to oppose UV light deterioration and are latent to generally experienced soil chemicals.

+ **Won't Decompose or Mildew**
+ **Non-biodegradable**

**MAIN APPLICATIONS:**

CONSTRUCTION · LANDSCAPE · GARDEN BEDS · PATIOS · WALKWAYS · EROSION

## EDGING
HIGH QUALITY FROST RESISTANT EDGING

### Rymar Poly Board *Available in Rolls of 25'*

High Quality and Frost resistant edging that looks fantastic and is very easy to install. Rymar Poly Board can contour to almost any design or create perfect straight edges.

Available in Dark Brown and Grey

DARK BROWN

GREY

**MAIN APPLICATIONS:**
Garden Bed Edging, Tree Surrounds, Synthetic Grass Edging, Playground Edging and Pond Edging.

### Rymar Poly Stake *10"*

Rymar Poly Stakes is used to secure the edging into the ground and add a tight secure fit so frost and ground movement does not displace or move the edging.

Available in Dark Brown and Grey

DARK BROWN

GREY

*High quality and frost resistant edging and Poly Stakes that looks fantastic*

## BASE CONSTRUCTION
ALL YOU NEED AND MORE

### Shock Pad 10

Shock Pad 10 is a closed cell foam that adds an enhanced cushioning effect to the sub surface of the turf installation. Shock Pad 10 allows water to percolate through turf and into X shaped holes and into the sub base drainage system. The Shock Pad 10 does not hold moisture and enhances the life of the turf as well.

Available in Green

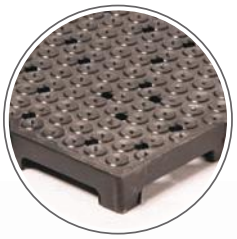

### UltraBase Panel

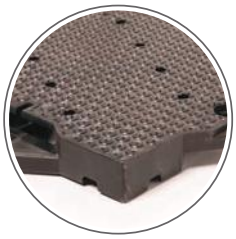

The UltraBase structural superiority of the panel is designed to dramatically reduce the need for extensive site preparation both indoors and outdoors, creating a base structure capable of supporting enormous loads while providing greatly improved GMAX and HIC impact numbers resulting in SAFER and more predictable playing surfaces. Large water flow volumes both vertically and horizontally are achieved with UBS Champion creating a base system capable of rapidly directing rainwater away from the turf. Perfect planarity and the UBS patented non slip turf barbs all help to create a base unlike anything the market has ever seen.

**PANEL DIMENSIONS:**

30″ x 30″ x .75″ / 762 mm x 762 mm x 19.05 mm square footage area once installed
28″ x 28″ x .75″/ 711.2 mm x 711.2 mm x 19.05 mm = 5.44 ft.$^2$ /.505 Sq m

**.75″ THICK**

**1.25″ THICK**

# CONSTRUCTION TOOLS
ALL YOU NEED AND MORE

## Plate Tamper

The Plate Tamper is a must on all projects big and small to ensure your base is fully compacted and tight. We offer a variety of models we recommend for all types of commercial and residential projects.

## Shovel

Shovels are a must on every job site.

## Plastic Gloves

Nitrile Gloves help protect your hands when working with adhesives on projects. Can be purchased in individual boxes or cases.

## Power Broom

The Bristle Brush Kombi Tool is an effective tool for Brushing up the synthetic turf fibers and for grooming in the infill. Fast and easy setup for this must have tool. KM 56 or Higher Engine is required to power the brush head.

Other attachments available upon request

## Backpack Blower

The BR 500 professional Backpack Blower is a low-noise unit, thanks to its sound dampening material making it ideal for use in noise sensitive areas producing only 65 dB(A). Powered by the fuel-efficient STIHL 4-MIX engine and a simplified starting procedure for single-handed operation, and an ergonomic mount for operator comfort, this unit sets new standards in the industry for a powerful yet 'low-noise' backpack blower.

## Chalkline

Cast Aluminum Reel Chalk is 100 ft. It has a die cast aluminum body for durability and to protect its twisted cotton line of reel. The felt gasket helps to distribute chalk uniformly.

## Utility Knife

Fiberglass-Reinforced Ratchet-Lock Utility Knife. When you use the knife, you'll appreciate the wraparound grip and sharp, snap-off blade.

## Snap-Off Blades

For cutting jobs that require superior sharpness.

## Landscape Rake

This multi-functional Landscape Rake is designed for construction and repair with a robust rake head design; four different sizes. Long teeth tackle grading. Straight edge handles leveling.

66" (168 cm) straight handle

## Stone Rake

Lightweight and easy to use. Great for spreading stone, earth, clearing flower gardens, and loosening soil.

## Sand Spreader

Our standard drop spreader is perfect for distributing infill over large areas for a consistent application. The spreader features durable plastic construction and a heavy-duty frame for optimum stability and long-lasting use. 22 in. spread pattern helps ensure maximum coverage with accuracy.

Used for Landscape / Golf / Pet Infills such as Sand and ZeoFill

## Hand Tamper

This Hand Tamper is ideal for tamping , gravel, stone and dirt. This all steel constructed tamper is durable to withstand heavy duty construction for industrial, residential and commercial applications. It also has a 10 in. handle grip to provide hand comfort and control when tamping. This is a great tool to properly compact all areas where space and compaction is a challenge.

## Water Roller

Our plastic beveled Water Roller provides the final touches on all base work. The rolling holds 270 Pounds of water and is easy to fill and for quick setup and easy storage when empty. This tool is a must when finalizing your base for a smooth and consistent finish.

*Rymar provides multiple products to support your installation and accessory needs to complete your project from start to finish*
