OUR VALUES

Loyalty to our community

Our loyalty is first reflected in the relationship we build with our clients, supporting them in creating durable projects that stand the test of time. It is also expressed through our commitment to designing products that withstand generation after generation, while remaining true to evolving trends and design innovation.

FROM LEFT TO RIGHT:
Maria Correia, Sabrina Correia, Rosa Ciccarello, Horacio Correia, Jessye Correia and Bobby Correia.

Trust from *generation* to generation

Founded by Rosa and Horacio Correia and now carried forward by their children, Rinox remains above all a family business guided by loyalty. Loyalty to values passed down from generation to generation, loyalty to our customers who place their trust in us, and loyalty to our desire to innovate without ever compromising quality. This deep connection to our roots and our community ensures the continuity of a know-how that stands the test of time.

Made in Canada

Rinox products are proudly manufactured locally. We offer you forward-thinking concrete products whose components are carefully selected, stable, and precisely calibrated to ensure superior quality. By choosing Rinox, you are not only choosing exceptional products that combine innovation and performance, but you are also contributing in a meaningful way to supporting the local economy.

3200 FACTORY

ROXTON GREY

OUR VALUES

Products that inspire *creativity*

Creativity is born from boldness and the desire to reinvent space. Our products offer the freedom to play with shapes, textures, and colors, allowing each project to be transformed into a unique visual and sensory experience. Beyond functionality, they become a language that expresses your vision and redefines contemporary architecture.

CLAYDEN HUSKY **RIALUX TIAGO** EBONY

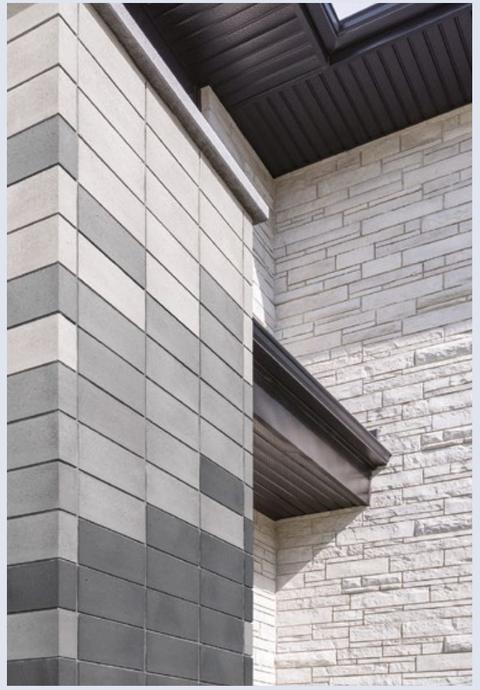

Install them vertically, play with their orientation, and combine them to create original patterns. Let your imagination run free and transform every surface into an architectural composition that reflects your style.

Let Your *Ideas* Come to Life

Rinox bricks are more than just materials; they are a playground for creativity. By combining different colors, textures, and products, or by reimagining brick orientation, you can create unique patterns and striking visual effects. Each project becomes a personal design statement, where structure transforms into architectural art.

OUR VALUES

Expertise and Know-How Above All

We recently transformed our dry-cast plant with cutting-edge technologies that redefine our production standards. This evolution represents far more than a simple modernization; it reflects our commitment to pushing the boundaries of what is possible, innovating without compromise, and creating products of remarkable quality.

We hold more than 30 patents that demonstrate over 25 years of expertise. Each of our developments is designed to simplify installation while delivering durability and performance. Through these exclusive innovations, we empower our clients to bring exceptional projects to life, combining superior quality with forward-thinking design.

RINO XTREM

Extremely rich and *durable* colors

RinoXtrem technology enables the production of exceptionally durable and ultra-vibrant, color-fade resistant products. A unique technology that stands out in the industry because the color is found throughout and within the product. Our products are designed in a meticulously controlled environment. We carefully observe humidity and density levels and rigorously analyze all factors surrounding the production process. The integrity of our colors is due to the perfect blend of quality control and the high performance of our state-of-the-art equipment.

Stones with a *Natural* Appearance

We have developed advanced technologies, including our highly protected, patented Wetcast molding process, to create stones that faithfully replicate the beauty and texture of natural stone. Every detail and color nuance is carefully considered to achieve striking realism. Our expertise in this field allows us to offer elegant and timeless surfaces, where innovation and aesthetics come together to elevate your projects.

LORADO ALMOND WHITE

OUR VALUES

Growth in sustainable development

Since 2015, Rinox has been collaborating with a leader in low-carbon cement production. Together, we share a common vision of sustainability, investing several million dollars to modernize our facilities and stay at the forefront of green technology. Our products are proudly made in Canada, supporting the local economy while reducing our environmental footprint.

OUR VALUES

A Team Always pushing *Innovation*

35% Post-Consumer *Recycled* Content

The use of recycled materials plays a crucial role in the fight against climate change. Our Alternative Masonry is manufactured with 35% post-consumer recycled content. We plan to integrate this approach across all of our collections. Rinox is committed to this initiative by incorporating Poraver, post-consumer recycled glass micro-beads. In addition to supporting a circular economy, these lightweight materials help reduce transportation costs and CO^2 emissions.

Concrete

Color of the Year

MASONRY

Almond White

2026

A WARM GLOW

Almond White embodies the elegance and subtle warmth of creamy tones. Soft and enveloping, it brightens spaces while maintaining a natural and calming feel. This color aligns with the trend of comforting neutral tones that define contemporary design. It enhances architectural lines and subtly reveals the texture of Rinox products, creating environments that are both luminous and timeless.

LOTIS ALMOND WHITE | **DESIGN:** THE GABLE HOUSE BY DESSINS DRUMMOND

ToneXclusive

LONDANA TONEXCLUSIVE SERVICE

Bring your *vision* to life

With ToneXclusive, Rinox gives you the freedom to create a unique color for your home or architectural project. This exclusive service allows you to personalize every detail of your project, perfectly reflecting your style and vision. Collaborate with our experienced team, who will guide you through the process to bring your custom creations to life.

We ensure that each tailored shade meets Rinox's high standards while addressing the specific needs of your design. Visit our dedicated online page to explore eligible products, service details, and access the request form. Turn your project into a one-of-a-kind creation!

KAVA TONEXCLUSIVE SERVICE

An overview of the ToneXclusive service

1. Complete the online form
2. Payment of deposit and sending of samples
3. Color approval

*Important : Due to the tailored customization, prices may be higher than standard products. Please refer to the online terms for more details on rates and procedures.

CAMPAGNARD AMARETTO

Create a home that *reflects* who you are, inside and out.

The same look, effortlessly.

The Alternative Masonry Collection allows you to bring the elegance of our iconic stones into your home's interior. Designed to pair seamlessly with our exterior masonry stones, they create a harmonious continuity between spaces thanks to a lighter design that is easier to install.

LONDANA AMARETTO

PAIRINGS

MASONRY	ALTERNATIVE MASONRY
Londana	Campagnard
Lorado	Lorena
Lotis	Sirenis

*Pairings : Colors and formats may vary between the two collections.

LORADO

LORENA

LOTIS

SIRENIS

Three products from the Alternative Masonry Collection were developed as "paired" stones, each corresponding to a traditional stone from our original collection. Londana pairs perfectly with Campagnard, Lorado with Lorena, and Lotis with Sirenis. This approach allows you to recreate the same elegant look indoors as outdoors, while benefiting from the ease of installation offered by alternative masonry stones.

Discover our Alternative Masonry:

*IMPORTANT : Our Alternative Masonry can also be installed outdoors, but only in areas with a temperate climate.

Rinox for your *commercial* projects

SUSTAINABLE PRODUCTS

For over 25 years, Rinox has been committed to providing high-end, durable products specifically designed to meet the requirements of commercial-type projects. Our commitment to quality and innovation has solidified our reputation, making Rinox the preferred choice for those seeking exceptional, long-lasting solutions for their business initiatives for over a quarter of a century

ROXTON WHISTLER

ROXTON CAVIAR

"Exceptional and *durable* solutions for your commercial ventures."

COMMERCIAL BRICK

The exterior cladding of this commercial building has been meticulously designed with Roxton brick, a material known for its smooth texture and decidedly modern aesthetic. This thoughtful choice seamlessly blends the refined look of brick with the building's contemporary architecture, creating a perfect harmony between design and functionality. Not only does the Roxton brick add a sleek and elegant touch to the structure, but it also ensures exceptional durability, withstanding weather and external stresses while maintaining the project's contemporary appeal.

VIOLIE CHARCOAL

A Forward-Thinking System That *Simplifies* Installation

After extensive research, Rinox designed and patented the Linea system, a forward-thinking innovation that greatly simplifies stone installation. This ingenious system was developed to ensure precise alignment and a uniform finish, while reducing installation time and minimizing the margin of error on site.

CAMPAGNARD AMARETTO

LORENA ALMOND WHITE

AVAILABLE IN THESE PRODUCTS:

- Briquette
- Campagnard
- Lorena
- Sirenis

Our *Linea* System

Each stone in the Linea system is equipped with integrated spacers that ensure consistent joint spacing. Simply press the spacers together to achieve the exact required measurement, without relying on traditional techniques typically needed to maintain uniformity between stones.

Consult our installation guide:

Online Resource Center

Whether you are an architect, contractor, designer, landscaper, mason, or homeowner, our resource center has been designed to meet all your needs, all in *one place.*

TECHNICAL DATA SHEETS AND NORMS

Explore our detailed technical data sheets that provide all the necessary information about our products, including their features, standards, and installation recommendations. These documents are essential to ensure that every technical aspect of your projects is covered, guaranteeing results that meet the highest standards.

CAD DRAWINGS

CADdetails is an online platform that provides architects, designers, and contractors with detailed CAD drawings, BIM models, and specifications for building and landscaping products. Our products are now available on CADdetails, making it easier to integrate Rinox landscaping solutions into your designs.

3D TEXTURES

These new textures, created using a unique product scanning technology, will deliver the most realistic renderings quickly and efficiently. Create 3D designs that will impress like never before.

lightbeans

VIRTUAL SAMPLES

Our virtual samples digitally showcase our masonry products. The lighting effect allows you to visualize the texture and color of our products, helping you make your final choice. Their high level of realism creates the impression that your products are right at your fingertips!

COLOR SAMPLES

Whether you're planning a masonry, landscaping, or interior design project, our color samples allow you to visualize the shades and textures of our products firsthand. Test and compare our colors directly at your project site to ensure the perfect selection and seamless integration into your space.

azoria

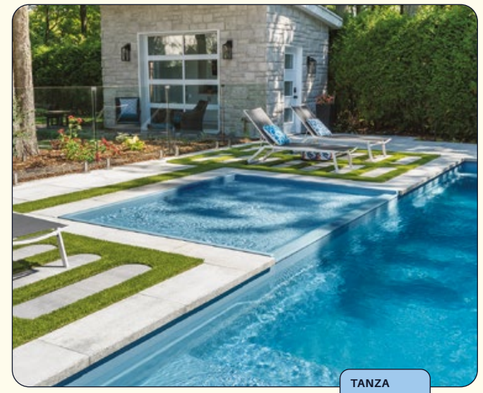

FIBERGLASS POOLS MANUFACTURER

RINOX PARTNER

Cutting-Edge Fiberglass Pools

Aquarino and Dolphin have merged, making the group the largest manufacturer of fiberglass pools in Canada. Initially, they remained as two separate companies, but we have recently combined our strengths under a new brand: Azoria. This merger aims to leverage the complementary strengths of both companies and offer a broader range of products, catering to backyards of all sizes and styles, whether urban or rural. By bringing together our expertise and resources, we are better positioned to innovate, enhance product quality, and provide exceptional service to our clients.
